Aluminum Frame Installation

Please read the "Aluminum Frame
installation" before assembling this case

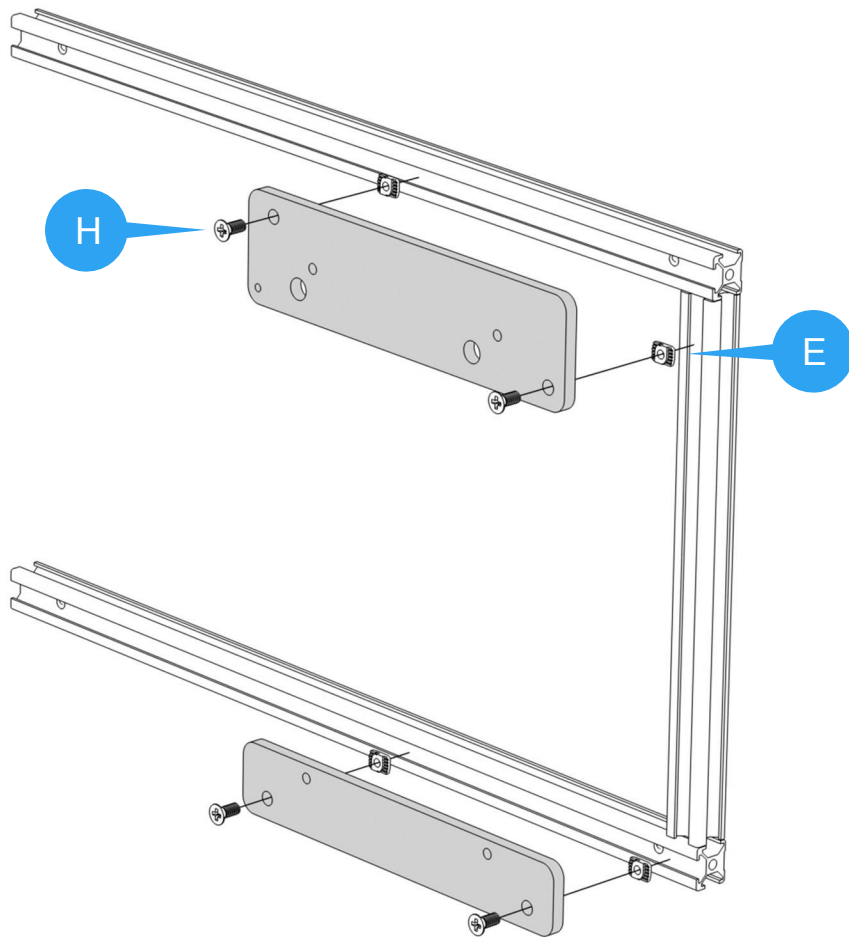

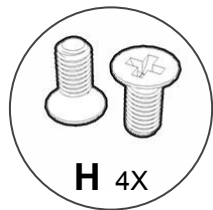

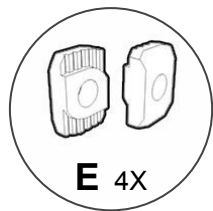

STEP 01

Aluminum Frame Installation

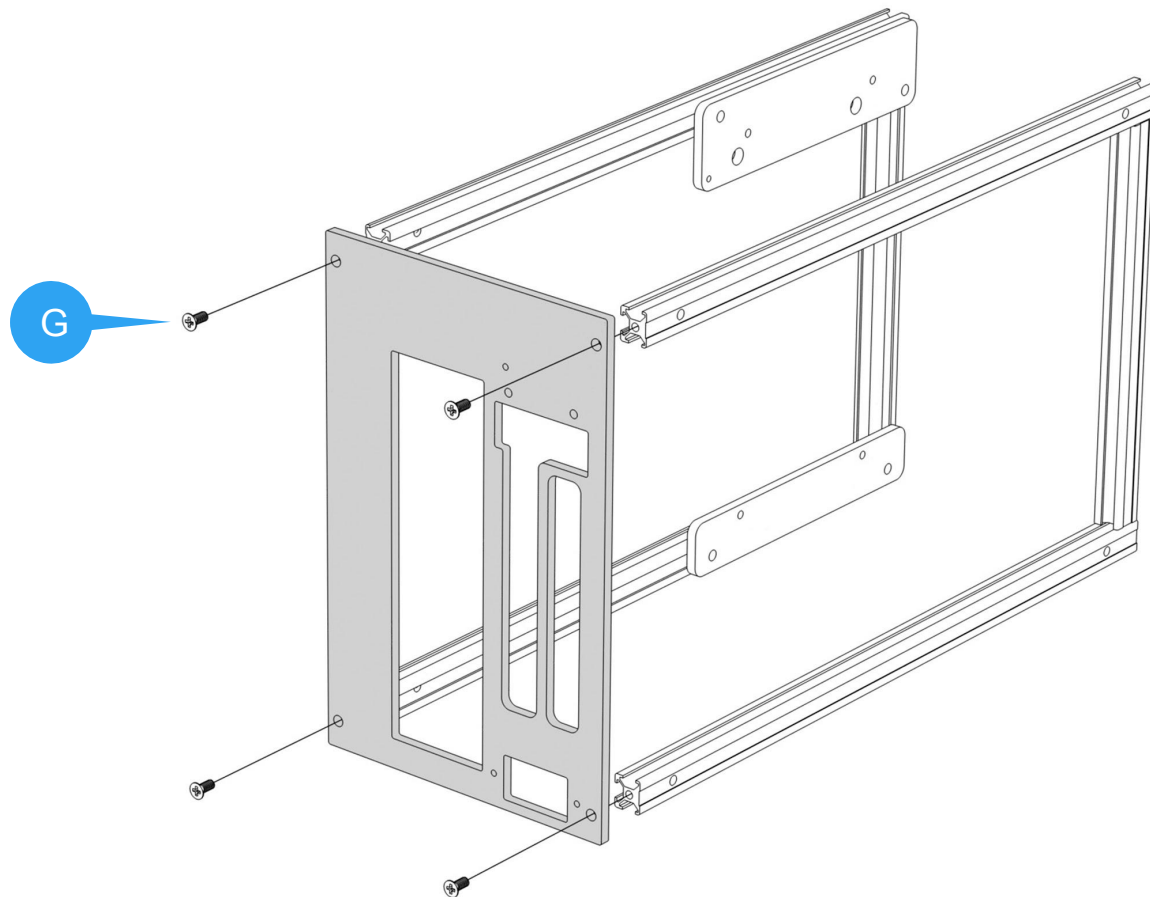

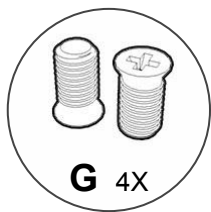

STEP 02

HDD Bracket Installation

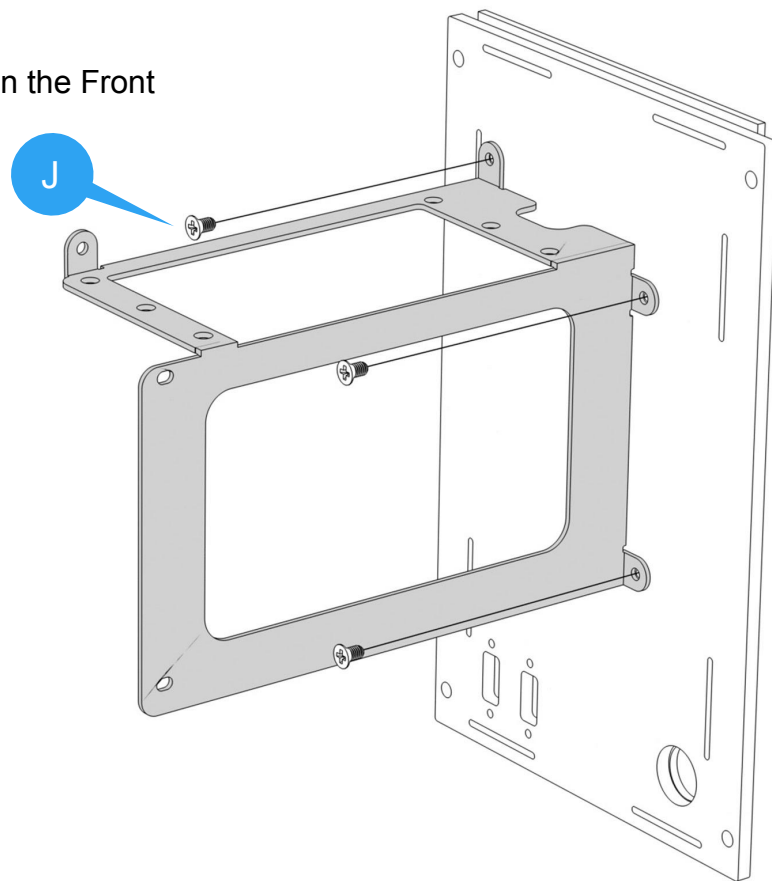

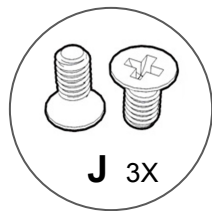

STEP 03

Rear Panel Installation

STEP 04

Install the PSU Metal Bracket on the Front Panel

STEP 05

Install the 1. USB Module and 2. Power Switch on the front panel first, then install the front panel on the case

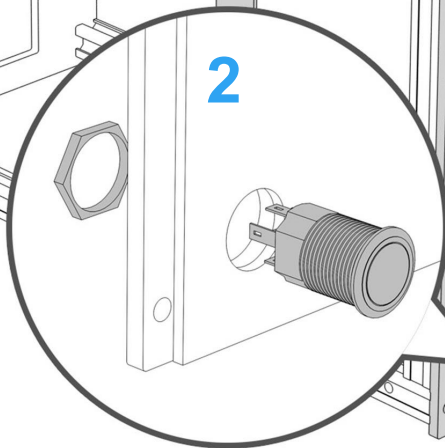

If you use the SFX-L power supply, highly recommend to install the power supply right after finished the whole process for Step 05.
Please refer to STEP 9 for the Power Supply Installation.
